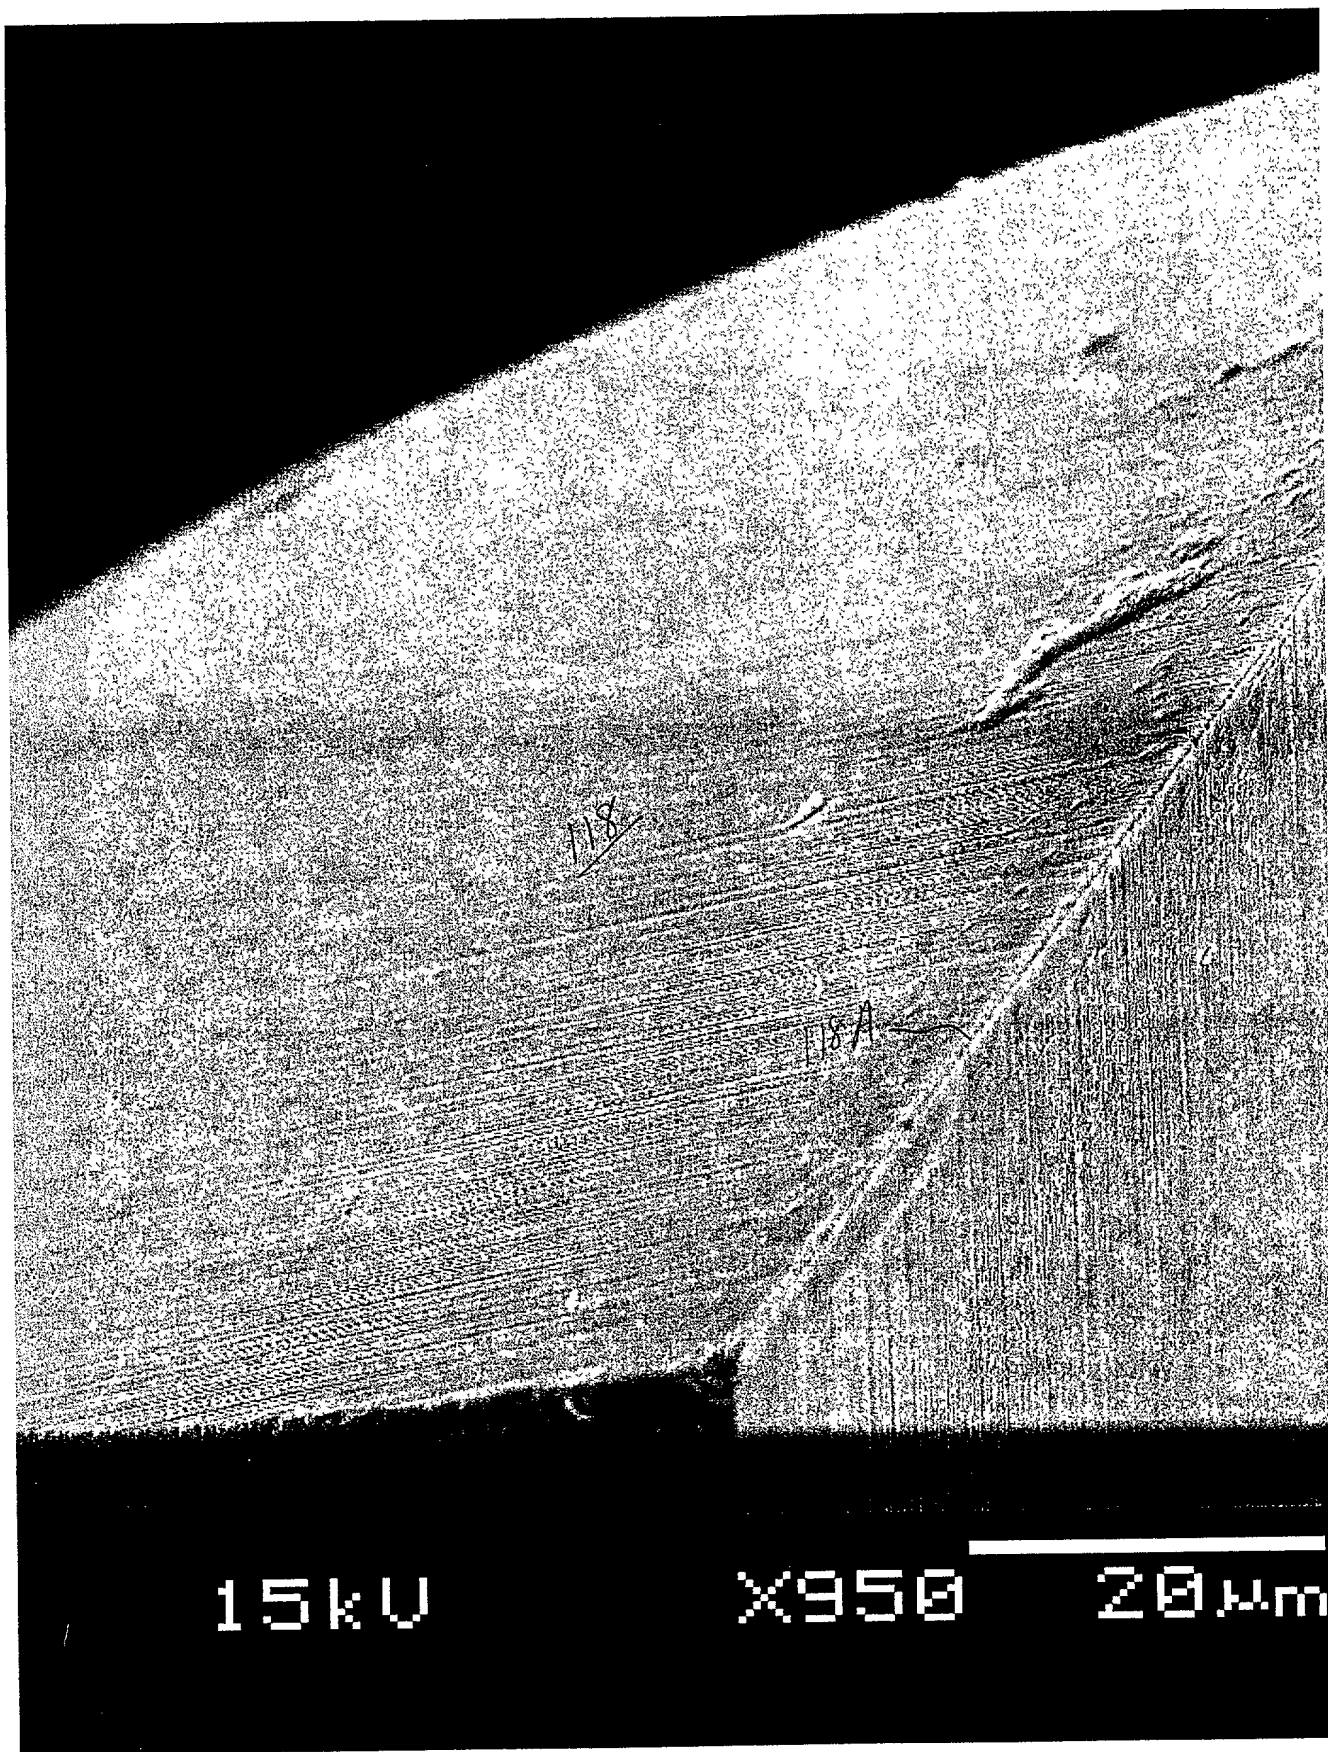

Fig. 2

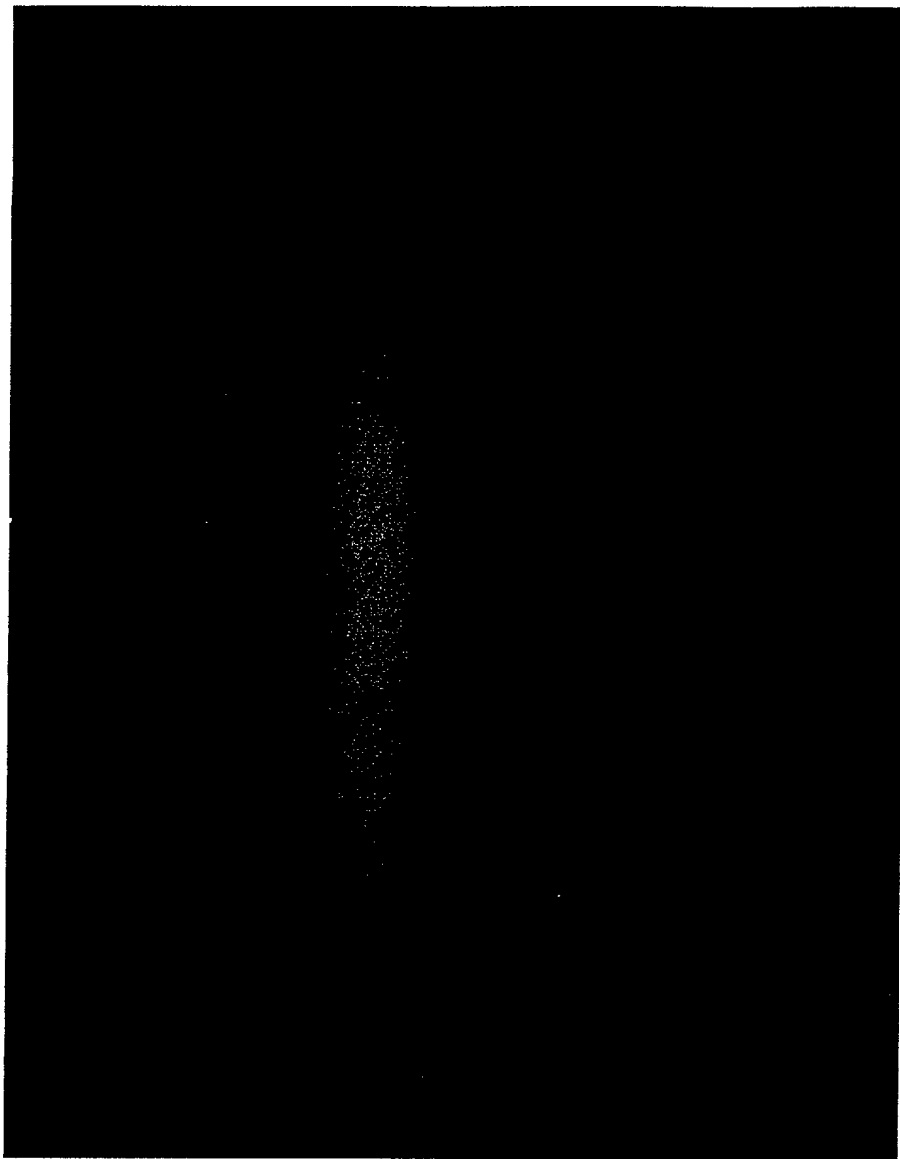

Fig. 3

Fig. 4A

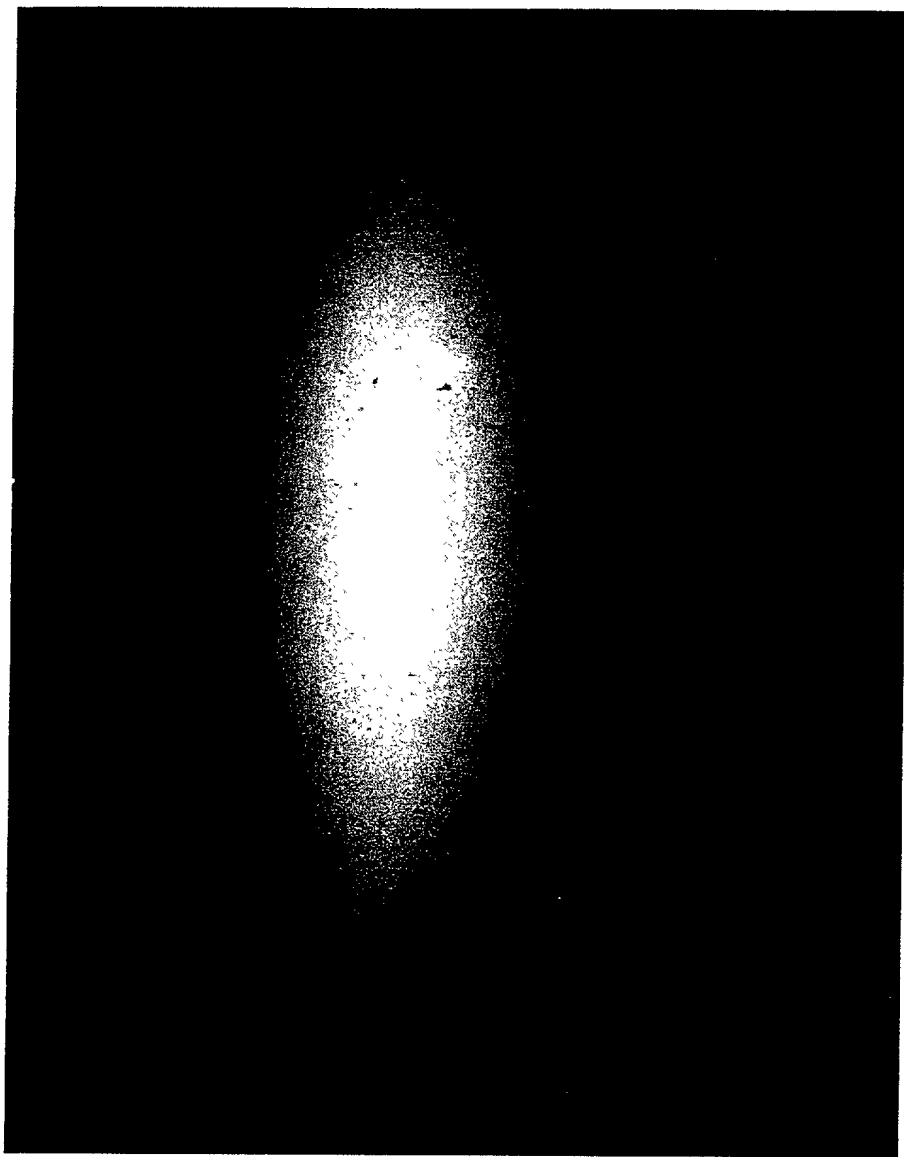

A vertical, oval-shaped object with a highly textured, grainy surface, possibly a piece of wood or stone, is centered against a dark, almost black background. The object has a bright, glowing center that fades into a darker, more textured outer edge. The texture appears to be composed of many small, irregular particles or fibers. The overall shape is elongated and slightly irregular, with a soft, ethereal glow emanating from its core.

Fig. 4B

A high-contrast, black and white image showing a vertical, elongated, and heavily textured object, possibly a piece of wood or a biological specimen, centered against a dark background. The object has a bright, glowing center and a dark, grainy outer edge.
